Art Camp

takes place in

Carol MacDonald's Studio

overlooking the Winooski River and the Intervale.

We work on a variety of projects that incorporate drawing, printmaking, bookmaking and other mediums, depending on the session, with an emphasis on developing skill and working with their own ideas.

"I strongly believe in supporting the creative voices of our young people by providing quality materials and an opportunity for them to experiment with their individual imagery and process in a small group setting."

Carol MacDonald is an artist, mother, teacher and community arts organizer. Carol has been working with young people for many years and this is the 26th year of Art Camp! She has taught printmaking at Community College of Vermont and in her studio.

Her paintings and prints have been exhibited regionally and nationally and are included in many corporate and private collections. They can be seen locally at Frog Hollow in Burlington.
