# Art Camp

takes place in

Carol MacDonald's Studio

overlooking the Winooski River and the Intervale.

We work on a variety of projects that incorporate drawing, printmaking, bookmaking and other mediums, depending on the session, with an emphasis on developing skill and working with their own ideas.

*"I strongly believe in supporting the creative voices of our young people by providing quality materials and an opportunity for them to experiment with their individual imagery and process in a small group setting."*
